Organized by:

- PT. Seesion Exhibition Indonesia
- Shixin Lamp International Exhibition (Beijing) Group Co., Ltd

Cooperation for New Development in Energy

COMPANY INTRODUCTION

Founded in **1998**, **Shixin International Exhibition Group** is a leading international exhibition and conference organizer, delivering professional event management, venue services, exhibition design, and industry networking platforms.

With over **30 international exhibition brands**, Shixin has built a strong reputation as a trusted partner for governments, industry associations, and global enterprises across multiple sectors.

Headquartered in **Beijing**, the group operates throughout China and internationally, with offices in **Indonesia, Vietnam, Kenya, and Saudi Arabia**, connecting businesses and creating opportunities across key industries worldwide.

KEY STRENGTHS & NETWORK

**since
1998**

Established in 1998

**top
10**

One of China's Top 10
Brand Exhibition Organizer

30+

Over 30 International
Exhibition Brands

**multi-
SECTOR**

Energy, Agriculture, Livestock,
Healthcare, Manufacturing & more

20+

Network across major cities in China
and more than 20 provinces & cities

**four
COUNTRIES**

International operations in Indonesia,
Vietnam, Kenya, & Saudi Arabia

EXHIBITION OVERVIEW

Indonesia is the world's **No.1 thermal coal exporter** and **No.3 largest coal producer**, positioning the country as one of the most important energy markets in the world.

Indonesia Coal and Energy Expo (ICEE) 2027 is the premier platform for coal, mining, and energy professionals, bringing together global industry leaders, innovators, investors, and decision-makers under one roof.

Held at **JIExpo Jakarta, 26–28 May 2027**, ICEE provides direct access to Indonesia's energy ecosystem and a professional audience representing **70% of the nation's coal production capacity**.

Connect with the right people, explore new opportunities, and be part of Indonesia's energy future.

EVENT INFORMATION

1. CONCURRENT ACTIVITIES

- Golf Tournament
- Fine Dining

2. CONCURRENT CONFERENCES

- Indonesia-China Coal & Energy Conference 2027
- Indonesia Clean Coal and Green Mining Conference 2027

Exhibition Area
30.000+
sqm

Total Exhibitors
500+
company

Professional Visitors
28.000+
people

EXHIBITION RANGES

This expo will showcase advanced technologies, innovative solutions, equipment, and strategic cooperation projects driving the future of the coal and energy industry

1. Open-pit Mining Equipment & Technology

Open-pit coal mining machines, electric shovels, hydraulic excavators, bucket wheel excavators, drill trucks, drilling rigs, loaders, mining trucks, electric wide-body vehicles, scrapers, mining dump trucks, screening equipment, etc.

2. Coal Logistics & Transportation Equipment & Technology

rigid mining trucks, articulated mining trucks, wide-body mining trucks, electric mining trucks, road dump trucks, conveyor belts, port handling equipment, ships, loading machines, unloading machines, tires, lubricants, and etc.

3. Coal Chemical, Coal Processing Equipment & Technologies

coal chemical industry, coal-to-oil, Intelligent dry separation equipment, intelligent coal-gangue separation robots, sieve plates, filter presses, jigs, flotation machines, heavy medium cyclones, clean coal equipment & technology.

4. Underground Mining Equipment & Technology

Mining trucks, ships, electric wide-body vehicles, mining dump trucks, conveying equipment, spare parts, operation and maintenance, etc.

5. Green Mining Intelligent Equipment & Technology

Mine transportation unmanned system, fully automatic loading systems, solar power solution for mining, warehousing equipment and software systems, mining pumps and valves, communication equipment, etc.

6. Mining Services & Engineering

Geological exploration, mine surveying, mine construction, engineering contracting, entrusted operation, engineering design, consulting services, agency trade, coal machinery e-commerce, etc.

7. Showcase of Major Enterprises

Corporate images and cooperation achievements of large coal, energy, electric power, coal trading and other enterprises, etc.

8. Mining Electromechanical Equipment & Technology

Transformers and substations, generator sets, motors, reducers, air compressors, clutches, couplings, storage batteries, new energy micro-grid solutions, etc.

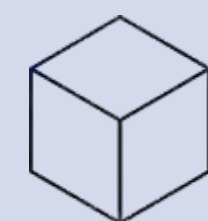

BOOTH RECOMMENDATION

Choose the booth format that best suits your business objectives and branding requirements

Standard Booth

9 sqm (3x3)

Ideal for:

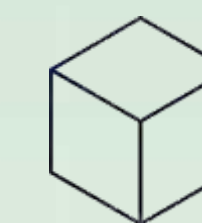

- Product display
- Brand awareness
- First-time exhibitors

Includes:

- Shell scheme
- Fascia board
- Carpet
- Lighting
- Power socket

Raw Space

min. 36 sqm
(Custom booth design)

Ideal for:

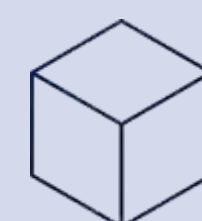

- Flexible layout
- Premium branding opportunities
- Custom-built structures

Example Sizes:

- 36 sqm
- 72 sqm
- 108 sqm
- Custom area available

Double Standard Booth

18 sqm (6x3)

Ideal for:

- Large product showcase
- Customer engagement
- Meeting area

Includes:

- Double standard booth facilities
- Large branding area

IMPORTANT NOTE

Booth designs show are based on ICEE 2026 exhibition layouts and are for reference purpose only
Final booth design specifications, dimensions, and configurations for ICEE 2027 may be subject to change.

RELIVE THE HIGHLIGHTS

Driving Growth Across Indonesia's Coal and Energy Industry

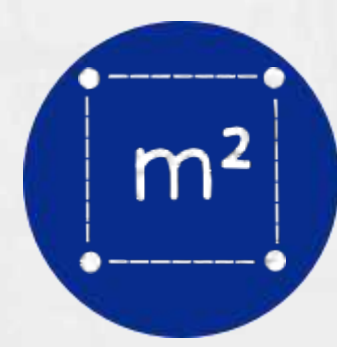

ICEE 2026 covered an exhibition area of **20,000 sqm**, representing a growth of over **30%** compared to the previous edition.

For the second time, ICEE introduced the **Indonesia Coal Cooperation Project Pavilion**, presenting practical business cooperation models and successful project cases.

More than **150** exhibitors, including Fortune Global 500 companies, China's Top **500** enterprises, and China-Indonesia joint ventures, participated in the event, creating a dynamic platform for business networking, innovation, and international collaboration.

Trade Buyers **600+**
company

Exhibition Area **20.000**
sqm

Professional Visitors **15.000+**
attendance

The topic of ICEE 2026 conferences:

- Indonesia-China Coal & Energy Conference
- Indonesia Clean Coal & Green Mining Conference

served as key platforms for policy discussions, technology exchange, and industry collaboration between China and Indonesia.

AUDIENCE ANALYSIS

Understanding the Reach of ICEE 2026

Audience Geographic Distribution

International Reach

Covering **19** countries and regions

Spanning **Asia, Oceania, Europe, and Africa**

Full coverage across Southeast Asian markets

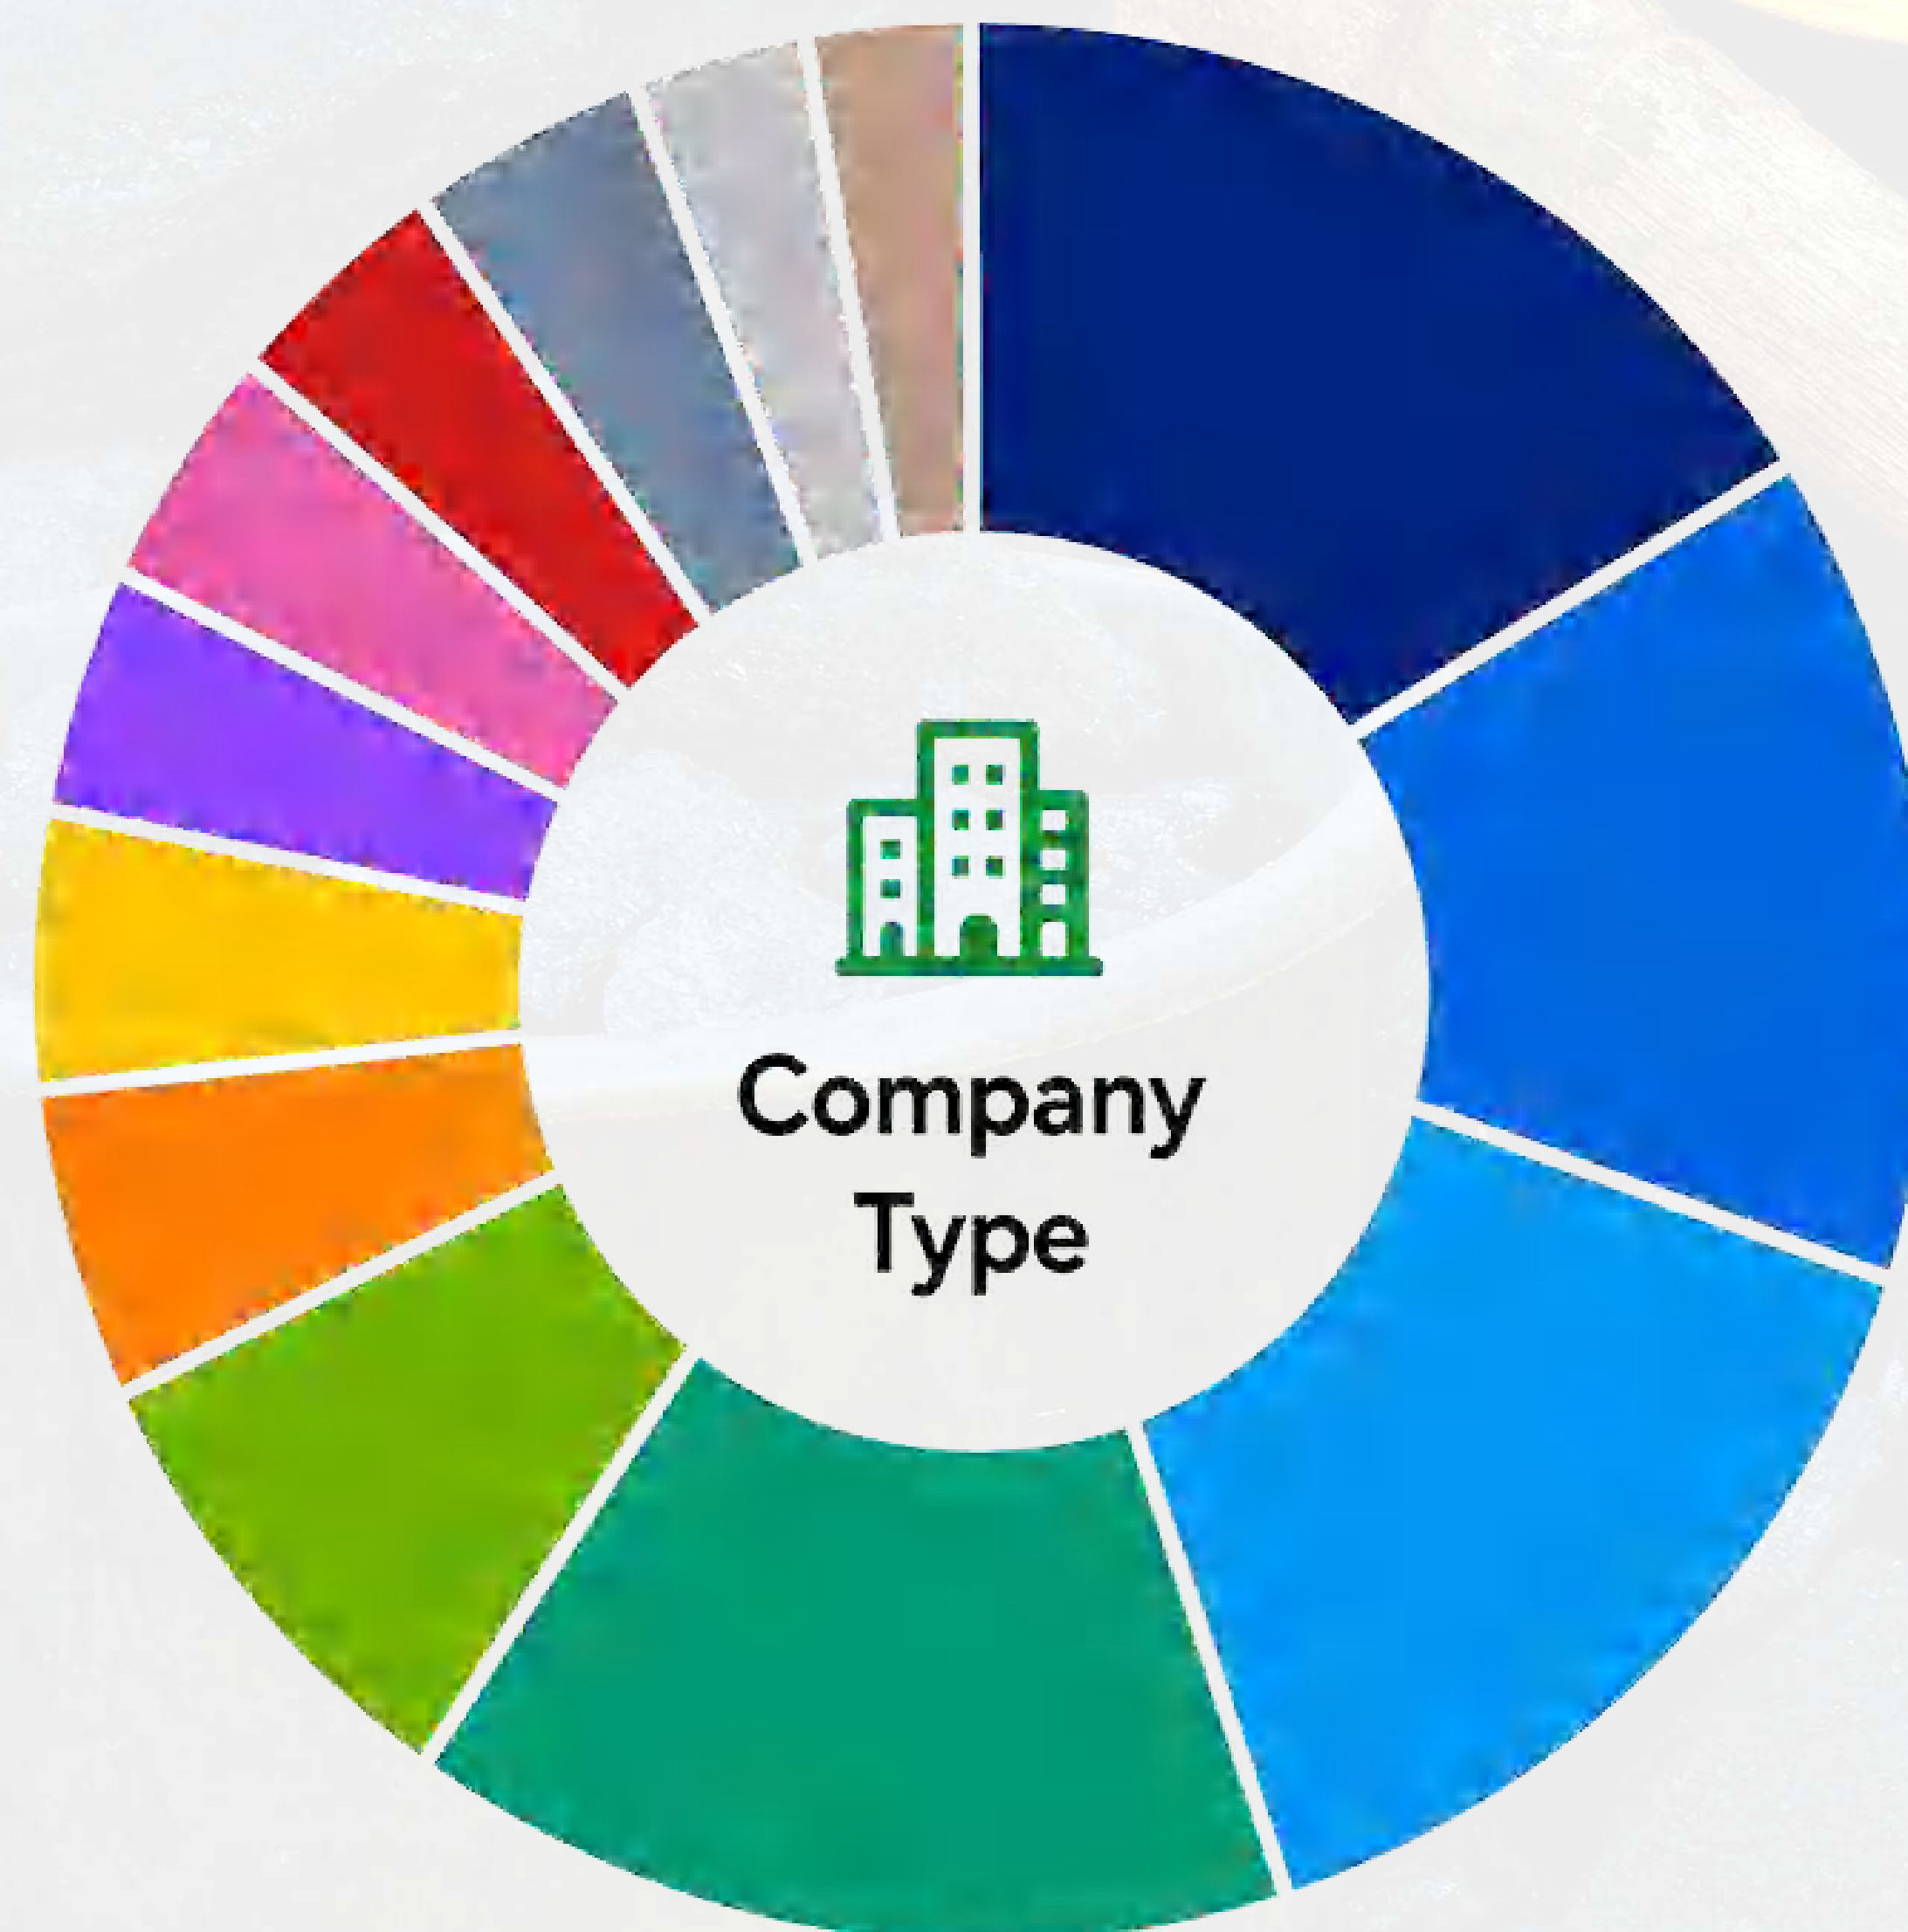

Bringing together global mining decision-makers

*Data sourced from online registered attendees, excluding offline targeted invitees and industry association groups

Cooperation for New Development in Energy

AUDIENCE ANALYSIS

Understanding the Reach of ICEE 2026

Audience Profile by Company Type

Coal Mining Companies	17.96%
Coal Equipment Manufacturers	14.44%
Coal Trading Companies	13.03%
Coal Transportation Companies	13.03%
Coal Energy Service Providers	7.75%
Coal Research & Technical Service Companies	5.28%
Coal Mine Environmental Protection Companies	4.58%
Comprehensive Coal Utilization Companies	4.23%
Coal Information Companies	3.87%
Coal Processing Companies	3.87%
Coal Washing Companies	3.52%
Coal Investment & Financial Institutions	2.46%
Coal Recycling Companies	2.46%
Coal Safety Technology Companies	1.76%
Coal Industry Associations	1.76%

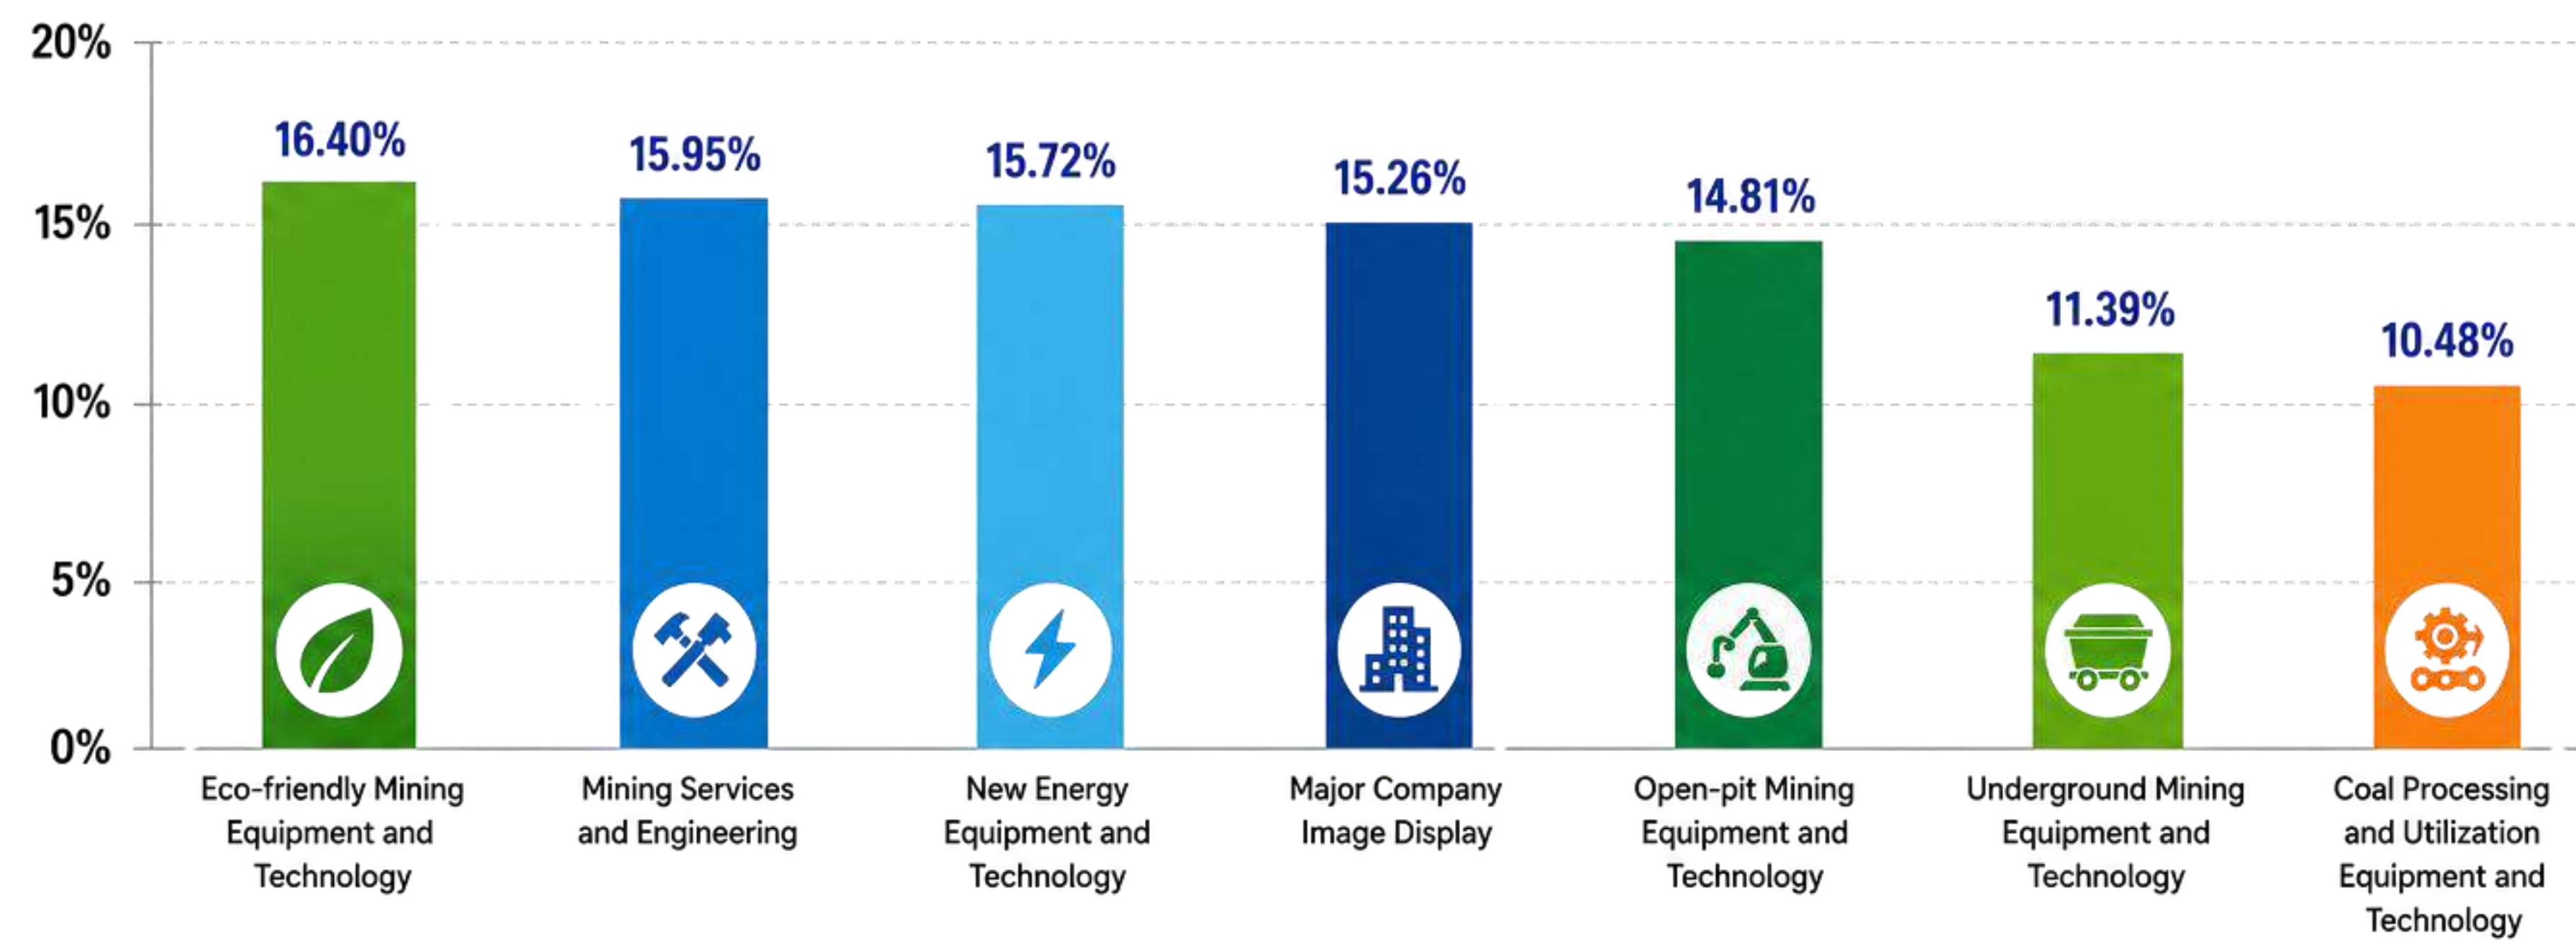

Others include Coal Research & Technical Service Companies, Environmental Protection Companies, Comprehensive Coal Utilization Companies, Coal Digitalization Companies, Coal Processing Companies, Coal Washing Companies, Coal Investment & Financial Institutions, Coal Recycling Companies, Coal Safety Technology Companies, Coal Industry Associations.

i Note: *Data comes from online registered viewers and does not include offline targeted invitations and business associations.

AUDIENCE ANALYSIS

AREAS OF INTEREST

Note: *Data comes from online registered viewers and does not include offline targeted invitations and business associations.

Audience Profile by Job Function

The data highlights a diverse range of professional roles and job functions from various backgrounds and different industries around.

CONFERENCE HIGHLIGHTS

Insightful Discussions, Global Perspectives, Real Solutions

Indonesia-China Coal & Energy Conference

Description

A high-level platform connecting Indonesian and Chinese stakeholders to strengthen coal and energy cooperation.

Topic Includes:

- Bilateral Cooperation
- Coal Trade & Investment
- Energy Policy
- Market Outlook

Indonesia Clean Coal & Green Mining Conference

Description

Focused on advancing clean coal technologies and sustainable mining practices for a greener future.

Topic Includes:

- Clean Coal
- Green Mining
- Smart Technologies
- ESG & Sustainability

Coal & Energy conference for Sustainable Urban Development

Description

In collaboration with Universitas Indonesia, exploring energy solutions for sustainable urban growth.

Topic Includes:

- Sustainable Cities
- Energy Innovation
- Policy & Research
- Academia - Industry Collaboration

STRATEGIC PARTNERSHIP & MEDIA EXPOSURE

Expanding Industry Influence Through Trusted Partnership and Nationwide Media Reach

ICEE 2026 collaborated with Indonesia's leading industry associations and academic institutions, including **APBI-ICMA**, **ASPINDO**, and **Universitas Indonesia**, providing exhibitors with direct access to key decision-makers across the coal and energy value chain.

Supported by extensive national media coverage through strategic media partners such as **TVRI** and **RCTI+**, alongside leading industry publications and digital platforms, ICEE 2026 maximized exhibitors visibility before, during, and after exhibition.

These strategic partnerships created greater opportunities for brand exposure, business networking, investment engagement, and long-term industry collaborations. Building on past success, ICEE 2027 will offer broader exposure, stronger partnerships, and even greater opportunities for growth.

ASSOCIATE PARTNER

ACADEMIC PARTNER

MEDIA EXPOSURE

WORDS FROM INDUSTRY LEADERS

Tri Winarno

**Director General of
Minerals and Coal, Ministry
of Energy and Mineral
Resources**

“The downstream development and quality enhancement of Indonesia's coal industry will create unprecedented business opportunities.”

Tulus Situmeang

**Head of Logistic Committee
APBI-ICMA & PT. Indo
Tambangraya Megah Tbk**

“Supported by both governments, China–Indonesia energy cooperation will continue to grow and deliver results.”

Bambang Tjahjono

**Executive Director of
ASPINDO**

“The future of China –Indonesia coal cooperation remains optimistic, with the Association serving as a reliable bridge.”

Priyadi

**Chairman, Indonesia Coal
Mining Association (APBI-
ICMA) & President
Director of Adaro Energy**

“China's mature coal chemical expertise offers valuable insights for Indonesia's development.”

Sally Putra

**Director of PT. MMS
Resources**

“Indonesia-China coal cooperation is promising and we remain to strengthening this partnership.”

FH. Kristiono

**Director of PT. Ucoal
Sumberdaya**

“Indonesia and China share strong complementarities and promising prospects for coal cooperation.”

WORDS FROM INDUSTRY LEADERS

Xie Hongxu

Vice Chairman, China National Coal Association

“The future of China –Indonesia coal cooperation is highly promising.”

Yang Shuyong

Chairman, China Coal Machinery Industry Association

“China – Indonesia coal cooperation is moving beyond traditional coal trade.”

Ma Jian

Chairman, China Coal Processing & Utilization Association

“Indonesia's coal processing market offers significant opportunities for Chinese enterprises.”

Ni Jiayu

Vice General Manager, China Coal Energy Group

“Strong partnerships will drive lasting China –Indonesia energy cooperation.”

Lei Huang

Vice General Manager, China Coal Technology & Engineering Group (CCTEG)

“CCTEG looks forward to strengthening cooperation with Indonesian partners.”

Li Wei

Chairman, Shandong Energy Group

“Shandong Energy Group is committed to advancing China –Indonesia coal and energy cooperation.”

THE BIG NAMES BEHIND ICEE 2026

ICEE 2026 brought together leading global enterprises, industry associations, government institutions, and technology innovators from Indonesia, China, and across Asia.

ICEE 2026 HIGHLIGHTS

**VIP
Delegation**

**Conference
Session**

**Business
Matching**

**Exhibition
Area**

**Bringing Together
Industry Leaders,
Technology Innovators,
Investors, and
Decision-Makers
Across the Global Coal
and Energy Value
Chain.**
